OpenGPT chat Privacy Policy

OpenGPT chat respects the privacy of your messages. They always remain private.

OpenGPT chat processes incoming messages only locally on your device without transferring messages or your contacts outside of your phone.

Deleting application or clearing cache leads to losing of all stored data of the application without any recovery possibilities.

By installing and using OpenGPT chat you agree to observe and be bound by this Privacy Policy and you consent to the processing, collection, use and disclosure of your information and data in accordance with its terms.

OpenGPT chat may collect 'non-personal data' related only for application usage statistics. This data was always anonymized and did not include any personal or your messages data. This data is used purely to improve application experience and performance.

Children's Privacy

OpenGPT chat does not address anyone under the age of 13. Please note that you can find published age recommendations on Google Play and AppStore. However, these age or maturity classifications refer only to the content in my apps (similar to movie ratings G, PG or PG-13 in the U.S., but related to gameplay, animations, etc.).

What is Personal Information and what do I collect from you?

OpenGPT chat doesn't request to enter or automatically collect any personal information. Personal Information is information or an opinion that identifies you as an individual. If you contact me directly for any reason, I may keep a copy of that correspondence and the email address or phone number.

Information Collection and Use

For a better experience, while using OpenGPT chat does use third-party services that may collect information used to identify you.

Sensitive Information

Sensitive information is defined in the US Privacy Act (1974) to include information or opinion about such things as an individual's racial or ethnic origin, political opinions, membership of a political association, religious or philosophical beliefs, membership of a professional body, criminal records or health information.

I will not attempt to obtain nor record any sensitive information.

Disclosure of Personal Information

I will not sell, trade, rent or disclose any of the personal information you provide to me for any reason, without your prior consent. Otherwise, your Personal Information will only be disclosed where required or allowable by law. I may share generic aggregated demographic information not linked to any personal identification information regarding visitors and users with my business partners, trusted affiliates and advertisers for the purpose of advertising within my Apps.

Log Data

I want to inform you that whenever you use OpenGPT chat, in the case of an error in the app I collect data and information (through third-party products) on your phone called Log Data. This Log Data may include information such as your device Internet Protocol ("IP") address, device name, operating system version, the configuration of the app, the time and date of your use of the OpenGPT chat, and other statistics.

Policy Updates

I may update our Privacy Policy from time to time. Thus, you are advised to review this page periodically for any changes. I will notify you of any changes by posting the new Privacy Policy on this page.
